

In-Depth: The Q-Learning Idea

Q-Table

(a scorecard of board states & moves)

State: board layout

Action: which cell to place mark in

Q-value: how good that move is (score)

1. Look at current board

2. Pick a move (explore or best known)

3. Play it & see the result

4. Get a reward (+1 win, -1 lose, 0 draw)

5. Update the Q-value for that move

repeat many games
